## PIANO TUNING TIME

This is one of the times of year that you may notice your piano starting to sound different. The humidity changes in the fall will cause most of our pianos to go out of tune. This is a good time to contact your piano technician to schedule a tuning. If you need a recommendation for a good technician, contact your teacher, or call Nancy.

Playing on an in-tune piano is more enjoyable and much more fun to listen to, as well.
